C. V. ANDERSON GETS REWARD

Party Worker to Be Appointed Governor Spry Will Not Name Superintendent of the County Infirmary.

ALL COUNTY APPOINTEES HAVE THEIR FINGERS CROSSED.

C. V. Anderson will be the new superintendent of the county infirmary, which position has been practically vacant since the death of Joseph W. Cottle, although Mrs. Cottle has been allowed to continue in the position for some months. Mr. Anderson is now custodian of the city and county building on the county side. He is also editor of the Salt Lake Argus, and was an active worker in the Republican interests during the recent elections. There were a number of applicants for the position, but Mr. Anderson's services during the campaign, particularly ices during the campaign, particularly among the Scandinavian voters, counted for much with the commissioners, including Walter J. Burton, the new member of the board, and it is stated

that all are pledged to his appointment. Commissioner J. E. Clinton is reconclied to the appointment, as his brother, John Clinton, is booked to take the place of Anderson in the city and county building.

an applicant for the superintendency of the county infirmary, but Lundberg will have enough to do to hold his present position. It has been stated about the joint building lately that he was booked for dismissal when the new board of commissioners meets. statements made are to the effect that his reports have not been satisfactory, and have not been forthcoming quickly enough to suit the commissioners.

Dr. W. R. Calderwood, county physician, will be retired, and another physician appointed. This is not because Dr. Calderwood has not been a capable official in the opinion of the commissioners, who admit it, but political exigencies require that the ap pintment shall be given as a reward for services during the campaign. The retirement of Dr. Calderwood means that his assistant, Dr. F. H. Raley, will also go. The names of their successors have been carefully guarded.

Mrs. Cottle, who has been in charge of the infirmary, will leave shortly for

The newly-elected county officials have been having all sorts of trouble over their appointments of deputies. With the possible exception of Job P. Lyon, county attorney, who announced a few days ago that Aaron Meyers and John M. Bowman would be his depu-ties, the lists are being withheld and in some cases are anything but complete. Joseph C. Sharp, sheriff-elect, announced yesterday that he would not be able to give out his list of deputies until Monday, and it is not expected that Mrs. Margaret Zane Witcher will be ready until then.

keeping his fingers crossed, and has been expecting notice of his dismissal, though the county commissioners say they had not thought of disturbing him. There are applicants, however, for this chance to rise, for janitorships and for everything else in the way of a job in the gift of the county.

LAST MONTHS SHOW GAINS IN CITY'S BANK CLEARINGS

Falling Off for Whole Year, but a Marked Increase for the Last Month of Year 1908.

Yesterday's bank clearings brought the total for the year 1908 in this city up to \$257,633,374.32. This shows a falling off of \$35,000,000 compared with the clearings in 1907. In December of this year, however, there was a marked increase compared with the clearings for 1907 in the

pared with the clearings for 1977 in the corresponding month.

The figures are \$28,965,961.39 this year and \$13,081,623.43 in December of last year. There was a marked improvement in the clearings in the late months of this year, and all indications point to a great record for the new year. The regular annual clearing house meeting for the election of officers will be held about the 1st of February.

WEDGWOOD ONLY ONE SELECTED

State Officers Until Toward Close of the Session.

The only appointment decided upon thus far by Governor-elect William Spry is that of E. A. Wedgwood, who will continue as adjutant general of the Utah na-tional guard. Governor Spry said last night that the appointment of an adjutant was necessary at this time, and that Gov-ernor Cutler's choice was satisfactory to

fifteen minutes in duration, in which he will touch upon the policy which he expects to pursue. He will not go into details, reserving those for extended treatment in his message to the legislature. Included in the list of those who will be inaugurated will be W. M. McCarty, justice of the supreme court, now chief justice, and the various state officials elected last November. The ceremony will be quite simple.

fumigated, about 20.000 peach trees and stored them away in houses.

Again, another nursery dug some 30,000 apples and 10,000 cherries. These young apple trees were fumigated and inspected for root diseases and a carload of them was shipped out of the county. In the sorting and inspecting for root diseases 4,000 trees have been condemned and most of them burned. The others will be burned as soon as the frost and snow will permit. There are now about 45,000 trees ists at present, the license fee being only a dollar, and this pays up for all time, a dollar, and this pays up for all time, as the owners are not required to renew at the end of the year.

Some of the members of the city council have been looking into this and see no reason why the revenue of the city should not be considerably increased from this source. Early in January they will bring up the automobile ordinance, which has been lying in the hands of committees for a year back, and endeavor to get it through. The old ordinance provides for a license of \$5 and requires renewal at the beginning of each year. It is proposed to increase this fee to \$15, or at least \$10 with the renewal requirement. Regulations may also be added requiring a license for chauffeurs, and that these is issued. The ordinance will also fix the speed limit and make provisions for safety of both autoist and pedestrian.

CURE IT IN ONE DAY

Coughs and Colds Disappear Like Magic When Hyomei Is Used.

St. Paul, Minn., Dec. 31.—The old year is closing with the coldest weather of the season in the northwest. Today in St. Paul it was 5 degrees below zero. At Saskatchewan 30 below zero was recorded; at Edmonton, 22 below; Caigary, 12 below; Havre, Mont., 14 below, and at Helena, Mont., 6 below. from hacking coughs and agonizing colds would arouse themselves sufficiently to follow this advice, they would cease to complain within 24

Here is the advice; if you take it and you are afterwards sorry that you did, won't cost you a penny: Go to F. C. Schramm, the druggist, and purchase from him a Hyomei (pronounced High-o-me) outfit. It will only cost you \$1.00. Take it home; use it according to directions, and if It

does not cure your cough or cold, take it back and F. C. Schramm will re-fund the purchase price. When you use Hyomel you don't swallow nauseating drugs. You simply breathe in the soothing, pleasant and antiseptic Hyomei air through the little pocket inhaler that comes with each outfit. As this aedicated air passes over the inflamed parts, relief comes almost at once, and cure follows.

Mary E. Bennett, Peru, Ind., writes: "I cannot speak too much in praise of your Hyomei treatment for catarrh. I have been using your remedy for about two weeks, and I have found more retwo weeks, and I have found more re-lief in that than anything that I have ever tried. I have spent dollar after dollar getting medicine of the doctor for a troublesome cough which I had, and have tried all kinds of cough syrups and cough tablets, and Hyomei is the only remedy that reached the spot. I had given up in despair, but I feel so much better now that I feel as though I have a new lease on my life." Hyomei is also guaranteed by F. C. Schramm to cure catarrh, croup, grip and asthma, and all diseases of the nose

CROWD THE FIVE MILLION MARK

Building Permits for Year Total \$4,791,026 and Break All Previous Records.

BIG HOME-BUILDING YEAR

FIGURES SHOW SUBSTANTIAL GROWTH OF CITY.

Building permits in Sait Lake City during 1908 failed to reach the fivemillion mark set by the inspector, A. B. Hirth, but came very near it, and were well above the record. This is in spite of the fact that there were no skyscrapers coming. The biggest building received was \$250,000.

The total number of permits issued was 1,105 in 1908, as compared with 591 in 1907. These total in value 34,791,026, as compared with \$3,133,950 in 1907. By far the greater number of the buildings erected during the year just ended were small. It was a great home-building year. Still, there are some substantial structures in the list, though nothing comparable with the Newhouse and other big ones which swelled the 1907 list out of proportion. Among the chief buildings for which permits were obtained, were the Oregon Short Line depot, to cost \$250,000; the Latter-day Saints' administration building, costing \$132,000; the Salt Lake Hardware company's warehouse, to cost \$135,000; the McIntyre building, \$180,000; the Woodruff apartments, \$110,000; J. J. Daly's new business block, \$115,000; Auerbach building and theatre, \$140,000; Paris millinery, \$75,006; John E. Dooly's business block, \$71,000.
